G.4 BMO SB and Task Order Close Outs

BMO SB contracts will be closed out upon the close-out of all task orders awarded under BMO SB and all CAF fees submitted.
The OCO is responsible for closing out their task orders under BMO SB. Task order close-out will be accomplished within the procedures set forth in FAR Part 4, Administrative Matters, and FAR Part 42, Contract Administration and Audit Services, and other agency specific regulatory supplements. The OCO is encouraged to utilize FAR Subpart 42.708, Quick-Closeout Procedures, to the maximum extent practicable. The OCO has the authority to negotiate settlement of indirect costs in advance of the determination of final indirect cost rates if the task order is physically complete and the amount of unsettled indirect cost to be allocated to the task order is relatively insignificant. In recognition of exceptional contract and task order performance and demonstration of fair and reasonable pricing of a particular Contractor during their initial 5 year term of performance, the Government will consider exercising a Contractor’s Option 1 for an additional 5 year term.

The option determination for each Contractor will be based on FAR Subpart 17.207 for exercising the option term; the overall quality of the Contractor’s past performance under BMO and task orders awarded against BMO; meeting the deliverable and compliance standards; and maintaining a strategic partnership between the BMO Contractors, GSA personnel, and Federal customers to identify and achieve reciprocal goals.
